

BULGARIA IN NEAR REVOLT

Martial Law Is Said to Have
Been Proclaimed in
Sofia

MINISTERIAL CRISIS
SAID TO IMPEND

King Ferdinand Is Said to
Fear Invasion of His
Land

Paris, Sept. 26.—In well informed circles there are reports that a new ministerial crisis and a complete change in Bulgaria's foreign policy is impending. Martial law has been proclaimed in Sofia, according to reliable news printed in the German press, says the Journal of Zurich. It is said that the Bulgarian cabinet is in continuous session and King Ferdinand had a long consultation with Premier Malinoff yesterday. Pacifist manifestations were held at Sofia on Sunday Monday and Tuesday, it is reported.

Paris, Sept. 26.—"Fresh dispositions made by General Franchet d'Esperey, who has passed through Pripel, justified the belief that there will be an energetic exploitation of the great interallied victory in Macedonia," says Marcel Hutin, editor of the Echo de Paris.

King Ferdinand of Bulgaria has asked Field Marshal von Mackensen, who now is in Bucharest, to take the command of his armies so as to block the advance of the allies in old Serbia and preserve Bulgaria from invasion, according to information received here from Switzerland.

Paris, Wednesday, Sept. 25 (Havas).—Monsieur Franchet d'Esperey, the chief of the Serbian government as soon as the allied lines north of these cities have been definitely established, according to Dr. M. R. Vesitch, Serbian minister to France.

Paris, Wednesday, Sept. 25.—To-night's war office statement says:

"In the region west of St. Quentin the enemy made an attempt this afternoon to drive our forces from Pripel de Dallon. All his assaults were repulsed.

"Between the Ailette and the Aisne the day was marked by violent reactions by the enemy upon the plateau of Moisy farm and in the region north of Allennes, where violent combats took place during the entire day. The enemy was unable to recover the ground gained by us during preceding days. He suffered heavy losses and left prisoners in our hands.

"Eastern Theatre, Sept. 24.—In spite of the arrival of new German troops, the enemy continues his retreat northward. Strong rear guard detachments are resisting strongly.

"Northwest of Monastir on the left wing of the allied forces we have passed Pripel and advanced on the roads toward Krashevo, Kichevo and Velea.

"In the center, Serbian forces have taken the massif of Popadja, to the east of Babuna, and have gained ground to the west of the Cerna river.

"We have enlarged the bridgehead north of the Vardar and are on the heights between the Vardar and the Kriva Lakavitsa, which the enemy is hastily crossing.

"On the right wing French, British and Greek troops have launched strong advance guards northward along the Vardar toward Gradets and Hudova. They have taken the massif of Kara Ball, north of Lake Doiran.

GOVERN PALESTINE UNDER AGREEMENT

Which Was Reached By British, French and Russian Governments in 1916, Former Two Carrying on the Work.

Paris, Sept. 26 (Havas).—Liberated territory in Palestine will be administered under the agreement reached between the British, French and Russian governments in 1916, it is learned here. England and France will carry out the agreement under which France is charged with the preparation of a scheme of self-government for the people of Palestine.

When the bolshevik authorities took control in Russia they published a number of secret diplomatic documents found in the archives in Petrograd. Among them was a convention negotiated between Russia, France and Great Britain under which Alexandria, in Asiatic Turkey, was to be a free port and Palestine was to be a protectorate under the three governments.

Men to Resume Work.
Cardiff, Sept. 25.—At a meeting here yesterday 3,000 railway men decided unanimously to resume work at once.

HEALTH TALK
The stomach and bowels are one continuous piece of human machinery—the largest in the body—and do the most work.

And if you keep your stomach and bowels in fit condition the chances are that nature will rid you of most forms of sickness.

Take advice—look well after the stomach and bowels!

You must have regular movements and be sure to keep out worms like stomach worms and pin worms.

Dr. True's Elixir is known as "The Family Laxative and Worm Expeller." It tones up the stomach, restores normal bowel action and throws out these parasites or worms.

Remember the name, Dr. True's Elixir. Ask grocers—doctors—pharmacies—Dr. True's Elixir. Adults and children should use it. Start using Dr. True's Elixir to-day.—Adv.

SAVING YOUR OWN HEALTH AND STRENGTH

Saving of health and strength is best attained by taking a pure food tonic, such as Father John's Medicine, which builds new flesh and health because of the rich, pure food elements which it contains. It does its work of rebuilding tissue, health and strength, without using any alcohol or dangerous narcotic drugs in any form. Begin taking it to-day.

OVER CREST AND GOING DOWN HILL, SAYS MARSHAL FOCH

Does Not Expect to Reach Rhine Yet—
Yanks Splendid and Gallant—
Praises Allied Arms.

London, Sept. 26.—Marshal Foch, who dislikes interviews and rarely grants one, received a few newspaper men at his headquarters on Tuesday. Among those received was the correspondent of The Telegraph, who thus records his brief utterances:

"The British army is better than ever. It fights better than ever. All of its losses have been made good and it is a more splendid army than it has been before.

"The Americans are splendid and are wonderfully gallant in the field. Ten thousand fresh Americans arrive in France every day.

"The French army is the same good old army that it was in 1914. No more is to be said."

In discussing the general situation, the marshal said:

"The enemy is shaken up and shaken down, but is still holding out. You must not think that we shall get to the Rhine immediately. We have passed over the crest and are now going down hill. If we gather impetus as we go, like a rolling ball, so much the better." With a few cordial words the marshal then dismissed his interviewers and resumed his work on his maps.

Raincoat Weather Has Begun

We read a lot nowadays about the epidemic of Spanish influenza sweeping through our country. Doctors say it comes mostly from exposure to damp, wet weather.

Just at this time one of our

Raincoats

will be an ounce of prevention and a world of comfort and convenience as well.

Winter and fall are the real raincoat seasons, and the place of a raincoat cannot be filled by the best overcoat ever made.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weak kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs clean and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.
